

How to Order

We operate an SSL security system, the industry standard for online transaction security.

To Order

Browse our store and place the items you wish to purchase into your shopping cart. You may change the quantity of any items in your shopping cart, as well as remove them completely at any time.

When you have completed all of your shopping, simply register to become a member by filling out and submitting the online form for order completion.

Any shipping charges will be listed before your final checkout. Once you submit your order you will then receive an order confirmation number.

If any item is out of stock or necessary information needed to complete your order, we will notify you through your registered email address.

Order confirmation will be sent after completion of this process and dispatch details will be emailed to you with a tracking number immediately once your order is sent.

You can also check your order status on our website.

Credit Card Payment

All details are covered by our SSL.

Our payment gateway is operated by Stripe Payment.

We also accept Paypal payment.

Next time you order, you only need to log in with your email address for registration. You may change your personal information when you place a subsequent order.
